4. Individually tailored programs
5. Personalized student care
6. Time and cost efficient programs
7. Motivated students with good study ethic
8. Qualified, experienced and encouraging faculty
9. Established recognition by parents and students

Why Canada? Why Toronto?

1. Canada has always been known as a safe country to live and to study which opens numerous opportunities for everyone.
2. Canada is home of internationally renowned universities that are ranked within the world's top 50 universities for their academic outcomes.
3. Studying in Canada costs less than study in other countries such as Australia, US, and the UK. Canada offers lower tuition fees and falls in the middle among top educational markets.
4. Canada offers lower cost of living than most European countries and the U.S.
5. Aside from its cultural diversity, Toronto has a rich selection of tourist attractions. Whether you like dining, sports, theater, shopping, museums, or entertainment, Toronto has it all!

Program and Courses

At OIC we offer our students different options for University placement depending on their academic background and future goals.

The programs and courses offered are:

- OSSD (Ontario Secondary School Diploma) Program
- ESL (English as a second language) courses
- EAP (English for academic purposes) courses
- Regular UP (university Preparation) courses
- Prestigious university preparation course
- IELTS (International English Language Testing System) Preparation courses

Regular University Preparation Program

University Preparation courses are designed to equip students with the knowledge and skills to meet the entrance requirements for university programs. The ranges of courses will allow students to prepare for university programs and related careers.

Students who are considering to study in Canadian Universities or colleges will benefit from this program as it is based on rigorous provincial curriculum expectations and emphasizes the development of both independent research skills and independent learning skills.

This program is available to students in Grade 9–12 and those who already possess a High School Diploma from their home country.

Prestigious University Preparation Program

Prestigious University Preparation Program is designed to provide fast track pathway to enter prestigious universities. This program guarantees students' acceptance into university through a mutual agreement between students, parents and the school (OIC) to ensure the responsibility and commitment of each stakeholder.

To be qualified for this program, students should be able to demonstrate academic performance in the previous school .

English as a Second Language

Students have different individual needs when it comes to language learning. We have programs to accommodate all of those needs. Our intensive ESL modules come in a variety of subjects, with levels ranging from basic to advanced.

English for Academic Purposes

The English for academic Purposes (EAP) program at Ontario International College is designed to give a strong English language foundation to our students entering the UP Program in order to prepare them for their future university preparation courses. The components of each module include listening and speaking, grammar practice, academic reading, academic writing, and research methods courses at various levels starting from low intermediate through advanced level.

IELTS Preparation

The International English Language Testing System (IELTS) assesses the English language proficiency of people who want to study or work where English is used as the language of communication. All Canadian universities accept IELTS results as part of the application package.

IELTS conforms to the highest international standards of language assessments. It tests the four language skills–listening, reading, writing and speaking.

OIC as IELTS test venue

Ontario International College has extended its service to students by administering IELTS test on campus. Therefore, our students now can enjoy the convenience and comfort of writing their IELTS test within the familiar environment.
